Welcome to the Clinical and Translational Science Center's clinical research eLearning platform. We believe quality professional development is an essential part of achieving and providing the highest level of patient safety, data quality and regulatory compliance and we are proud to have partnered with the Association of Clinical Research Professionals (ACRP) to bring this outstanding content to you.

These courses were developed to support your understanding of the many aspects of clinical research. While you'll find that several programs are directly related to the work you perform daily, we encourage you to explore the entire catalog to better understand the full clinical trial landscape. We also invite you to provide us with feedback on this training to make sure that we continue to offer courses that bring value and open opportunities for your professional development.

Should you have any questions, need assistance, or want to provide feedback, suggestions, or comments, please contact Rebecca Fein, Education Analyst, Clinical Trials Office, CTSC at reifein@ucdavis.edu or 916-703-9129.
