Campus-Community Research Incubator Program

Research Plan

Proposal

Please included all the required sections (noted in bold); however, the questions below are noted to serve as a guide. You do not need to answer every question.

Significance (300 words):

- What is the important problem or a critical barrier to progress in the field of translational science and human health that your application seeks to address?
- What question(s) are you aiming for your research to answer?
- If the aims of the project are achieved, how will scientific knowledge, technical capability, and/or clinical practice or delivery of services be improved?
- How will successful completion of the aims change the concepts, methods, technologies, treatments, services, or preventative/treatments interventions that drive this field?
- **(Required) Description of the proposal benefit to the community partner and/or the health and well-being of its clients**

Innovation (150 words):

- How the application challenge and seek to shift current research or clinical practice paradigms by utilizing novel theoretical concepts, approaches or methodologies, instrumentation, or interventions?
- Are the concepts, approaches or methodologies, instrumentation, or interventions novel to one field of research or novel in a broad sense?
- Is a refinement, improvement, or new application of theoretical concepts, approaches or methodologies, instrumentation, or interventions proposed?
- **(Required) Description of the proposal benefit to the clinical translational science.**

Research Approach (900 words)

- Describe the overall strategy, methodology, and analyses plan being proposed to accomplish the specific aims of the project.
- Be sure to address/establish feasibility and provide a plan for how particularly risky aspects of the project will be managed.
- Preliminary data is not required.

Description of expected outcomes of CCRI award, e.g. papers, grant proposals, etc. (150 words) and timeline (one table)

- Describe the expected outcomes of the award and provide a timeline of all grant activities. Be sure to consider alternative outcome beyond traditional venues, such as community forums, etc....

If you have any questions or issues with the application please contact Robynn Zender at rzender@uci.edu, (949)824-3160
